Notice to Sheepmen

The Central Alberta Sheep Breeders Association, propose holding a show of Butcher Lambs in connection with the sheep sale on the afternoon of October 7th and are offering prizes as follows:

For best Butcher Lamb, 1st Prize \$4.00; 2nd Prize \$3.00; 3rd Prize \$2.00; 4th Prize \$1.00, and will open the sale by auctioning the three prize lambs on Oct. 8th.

The object in having this show is to demonstrate to the sheep men what a butcher lamb should be. Make your entry with the secretary not later than Oct. 2nd.

D. F. Chisholm, Secretary.

RALLY SUNDAY AT ST. ANDREW'S

Sept. 27th, will be observed as Rally Sunday at the United Church. An interesting program has been prepared and it is hoped that the parents will make a point of coming and bringing their children with them.

Rev. Endicott will address the congregation at the evening service and desires to meet with the Church Board immediately afterwards. On Monday evening, Sept. 28th, Rev. Kenneth Prior, B.S.A., of Alberta University, who has been for five years in West Africa teaching agriculture to the new Christians there, will speak on his work in Africa and the methods and principles of farming operations there. This should be of special interest to the farmers of the district.

Rev. A. W. Banfield, Travelling Deputy of the Canadian Bible Society will show lantern slides and speak in the United Church on Friday evening, Sept. 28th. Rev. Banfield is noted as a lecturer throughout Britain and this continent and Lacombe people have a special treat in store in being privileged to hear a man of his reputation.

RELIEF COMMITTEE MEETING

At a meeting held Tuesday evening in the Town Hall, the Central Relief Committee was re-organized and officers were elected as follows: President, Mrs. C. E. Todd; Vice-President, Mrs. W. O. Sykes; Secretary, Treasurer, Mrs. Wilson Riddell. Mr. P. Owen, Supt. of Relief for the Town, officiated as Chairman, and Mr. L. P. Minkler, as Secretary pro tem.

Assistant Committee was appointed as follows: Catholic Ladies League, Mrs. Geo. Doherty; W.M.S., Mrs. G. Barbour; Anglican Church, Mrs. B. H. Cameron and Mrs. Deckard; Women's Institute, Mrs. W. Newton; Rehearsal Lodge, Mrs. Ray Saunders; West-We-Forgot, Mrs. Devisse; Eastern Star, Mrs. J. L. Craigien; United Guild, Mrs. R. B. Layton; Free Methodist Church, Mrs. B. C. Madson; Orange Order, Mrs. D. Thompson; Women, Mrs. McFadden; I.O.O.F., Mrs. S. Pillman. The Legion is without a representative, and it is hoped some one will be appointed as promptly as possible and her name sent to Mrs. Ritson.

After election of officers some discussion regarding ways and means was held and a motion carried that wool be purchased for distribution among such members of the various societies as might be willing to undertake the knitting of mittens and stockings. The suggestion was also made that if agreeable to the members each organization undertake to place a quilt, and in this way draw in more workers. The quilts to be completed by the Central Relief Committee. Remnants or small pieces of materials suitable for either cotton or wool quilts will be welcomed and may be left at the Town office or handed to any member of the committee.

The following persons were present at the meeting: Mrs. Madson, Pratt, Sweet, Elton, Davidson, Chapman, Todd, Newton, Saunders, Watson, English, and Messrs. Owen, Wilkes, Edmunds and Minkler.

BLACKFALDS NEWS

Rev. J. B. Davies and Mr. Reese, of Ponoka met with the United Church Advisory Board on Monday night. Mr. Davies gave a fine address on the need of the hour in our church work. Arrangements for a Fall canvass will proceed.

Messrs. Bowman and Reese of Edmonton are holding at the junction of the Blindman and Red Deer rivers. Mr. Bowman is an enthusiastic fossil hunter and was lured to the spot by the hope of finding something different to his already numerous finds. He has been successful in finding some very good lot specimens. The rock is very brittle, however, and it is very difficult to get a complete lot.

Rally Services at Blindman and Blackfalds next Sunday morning. The Spruceville Service next Sunday will be held at 2.30 instead of morning hour.

All are invited to hear Rev. A. W. Banfield, F.R.G.S., South African Missionary and now representing the British and Foreign Bible Society, on Friday night, in the Lacombe United Church at 8 p.m.

There will be a Rally of the United Church people, on Monday night in the United Church, at which Dr. Endicott, former Moderator of the United Church of Canada and Mr. Prior, Missionary and Teacher of Agriculture to the African people will give addresses. You are invited. Coming!—Dr. Powell, on Anniversary Sunday, Oct. 4th, will preach at Blindman 11 a.m.; Canyon at 3 p.m., Blackfalds.

A chicken supper will be served on Tuesday evening, Oct. 6th, following by a lecture on the Dinosaurs of Alberta, or Mammoth Reptiles of the Red Deer River.

JAS. WALTERS SUSTAINS GREAT LOSS

J. L. Walters, one of Canada's outstanding stock raisers, of Clive, suffered a loss that will run into hundreds of dollars, when his stock barn caught fire from some unknown cause about 9.10 Sunday night. His ranch is about 15 miles southeast of Lacombe. It appears that just after 9 o'clock, one of the herdsmen of the Walters ranch noticed flames coming from the large stock barn some little distance from the residence, and before he could summon assistance the barn was a mass of flames.

So rapid was the spread of the fire that it was impossible to save any of the cattle in the barn, and in consequence, Mr. Walters' imported bull, said to be the finest in Canada, another bull which was being ready for the Toronto Winter Fair, two of his best purchased Shorthorn cows and three saddle ponies, fell prey to the flames. The first mentioned bull had a valuation of between six and eight thousand dollars, while the second animal was valued at over one thousand. In addition to the livestock, harness and equipment for twenty horses were destroyed, as well as considerable other farm implements.

FUTILE ATTEMPTS

TO BRAT NATURE The copper interests of the world tried to stabilize the price of copper when it was 18 cents per pound. To-day copper sells for less than 8 cents per pound.

The rubber farmer of Great Britain got government assistance in forming a control organization to maintain their prices. They were successful just long enough to encourage many other nations to go in for rubber production.

The Brazilian Government purchased surplus coffee and held it off the market. The Government was wrecked as a result and the coffee growing business ruined.

The dairymen of New Zealand forced a control on the butter market to tell the consumers in England what they would pay for New Zealand butter. The Government is now faced with financial emergency and

many farmers are ruined on account of lost markets and ill-will created by the price control effort.

The sugar interests had a notion that they could dictate the price of sugar. It is cheaper today than ever. Many growers have been ruined and untold trouble caused.

The American Government made the most stupendous effort of all. They set aside \$500,000,000 to assist agriculture. Most of the money was used to purchase wheat and hold it off the market.

Under this treatment, prices have sunk to lower levels than ever before recorded in the United States. The Government has nearly 250,000,000 bushels of wheat on hand and every available storage filled to capacity.

A new crop is coming off and it is a big one. The American Government is trying to deal off wheat in any possible way. 35,000,000 bushels have been swapped with the Government of Brazil for coffee. An attempt is being made to unload 150,000,000 bushels in China at most any kind of terms.

It would almost appear that nature's law of "supply and demand" setting prices is supreme. So far no man has been able to withstand the dictates of one of nature's fundamental rules. High prices mean increased production and decreased consumption. There follows the inevitable surplus which nature says shall bring in an era of lower production and increased consumption.

Powerful Governments have tried to interfere and remove the surplus. By so doing they destroy nature's method of decreasing production and increasing consumption and thereby striking the balance.

The result of tinkering with fundamental law is always the same. It always will be the same, because no power on earth can alter it.

NEW CHAMPION CROWNED

Congratulations are in order to James Hazlett of Red Deer who has secured the provincial championship for the best field of wheat, entered in competition in the province. Mr. Hazlett, a soldier settler, made his twin with a field of Marquis in the Red Deer district.

We understand his crop is from registered seed secured from the Provincial Department of Agriculture a few years ago. In addition to winning the provincial championship, presented by the Edmonton Chamber of Commerce, was won by E. J. Shank of Athabasca on a field of Garnet.

THE CARNIVAL

Final arrangements are all made for the biggest Whoopee event ever held in this part of the Province. No amount of labor or money has been spared by the executive in their endeavor to make this event one that will go down in history. Booths are being piled high with merchandise of every description. You can win anything from a ham to a blanket, and besides you have a good even chance of winning at any of the booths. Cash prizes will be given to lucky ticket holders each night, so do not miss a single evening. The admission will be only a dime and you have a chance to win a large cash prize. There will be a duck pond where you will be able to win live ducks. The famous game of "Bingo" is sure to attract many, and you should see the prizes they give away at this game. Darts and hoops—ring-your-money, the old army game, in fact every known game will be in operation for your amusement and gain. Come and win your Christmas presents and at the same time help the Hokey Club.

DOLLS!! DOLLS!!

Great big laughing, crying dolls! Dolls that every child should have and that every child will want to have. Dressed in the very latest styles, these dolls will gladden the heart of every child in the district. Inside these beautiful baby dolls, there are cake sets, cushions, watches and spoon sets—and best of all, they will cost you nothing. All you have

to do is pay up your last year's subscription to The Western Globe and you get one of these valuable premiums absolutely free. Every little girl in the district can get one of the dolls by merely sending in three dollars in subscriptions. The price of a subscription is \$1.50.

In order that we can give our many readers a better newspaper, we are giving away these useful articles as premiums. We wish to get our mailing list right up-to-date.

Circulars are being mailed to our subscribers which explains our timely offer. Send your children around to see the dolls—there are hundreds of them.

HOW TO GET A DOLL OR WATCH

Every girl in the town or district can get a doll free by bringing in two subscriptions, either new or renewals. Every boy can get a watch by bringing in two subscriptions, either new or renewals. Every subscriber is entitled to a choice of the premiums on payment of two years' subscription, either in advance or in arrears. See the dolls and other premiums in our window.

WOMAN, ST. NEVER TUESDAY

TAKES IRON DAILY "I am 37 and go to church twice Sundays, take long rides and attend parties, take long get a bit tired. I eat a sleep well. All thanks to Vinol."—Mrs. M. Bedford.

Old people get quick benefit from iron, lime and cod liver peptone, as combined in Vinol. The very FIRST bottle brings appetite and sound sleep. Equally good for nervous, run-down men and women of any age. Vinol tastes delicious. Get a bottle today! Sweet's Pharmacy.

APPENDICITIS DEATH RATE RISING

The death rate from appendicitis has risen in Canada from 12.7 for every 100,000 of population in 1921, to 14.6 in 1928 and 15.5 in 1930. The figures are for the urban population of the dominion exclusive of Quebec. They are given in an article in The Spectator, a business paper of insurance published in New York. The writer, Frederick L. Hoffman, points to the high death rate in Canada and the United States as compared with other countries and declares that the situation "calls for a thorough inquiry along the same lines as the cancer problem which is now being studied in all its many perplexing aspects."

A study of the figures for last year, covering the larger cities exclusive of those in Quebec, shows that Regina had the highest death rate from appendicitis, 20.2 per 100,000 while Saskatoon was second with 15.5. The death rate in Edmonton, Calgary, Winnipeg, Windsor, Vancouver and Toronto ranged from 1.6 to 17.7. Victoria, although recording the largest number of deaths, 102, was well down in the death rate list, its figure being 15.7. Brantford had the lowest, 2.8 and Hamilton was next with 7.7. The wide range would indicate that the cause varies with the locality and that it may be affected by differences in technique or equipment employed.

While in Canada the appendicitis death rate has grown from 17.7 in 1921 to 14.6 in 1928 and in the United States from 14.4 to 15.3, the rate in England and Wales during the same period was 7.2 and 7.3, in Scotland 9 to 11, in Germany from 5 to 9, in Italy from 1.9 to 3.7, and in New Zealand from 7 to 7.4.

"The average age at death in appendicitis in 1920 was ascertained by the U.S. census office to have been 32.4 years, so that the mortality strikes heavily when the economic value is the highest," the Spectator states. "The average age at death in tuberculosis in 1920 was 36.5 years; in cancer 60.7; in nephritis, 62.2; and in organic heart disease, 64.7 years. Appendicitis, therefore is a disease of early adolescence and as shown by Dr. Willis of Richmond, 98 per cent of the deaths from appendicitis occur at ages under 30."

It is understood that the depart-

ment of surgery of the University of Toronto is undertaking special research aimed to curb the rising rate of fatal appendicitis cases. The figures quoted above indicate that there is need for such an effort.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE MATTER OF the Estate of Malissa Arnold, late of Town of Lacombe, in the Province of Alberta, deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named Malissa Arnold, who died on or about the 31st day of July A.D. 1931 are required to file with the undersigned as Solicitor for the Executrix of the estate of the said deceased by the 20th day of October A.D. 1931 a full statement fully verified of their claims and of any securities held by them, and that after that date the executrix will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to the knowledge of her solicitor.

DATED this 16th day of September A.D. 1931.

Local Notes

The Baptist Ladies are serving lunch and dinner at the sheep sale, on Oct. 7 and 8.

Born at Lacombe Hospital on Friday, Sept. 18th, to Mr. and Mrs. Vanvooren, a son.

There was a large attendance at the School Fair on Friday last, and the exhibits were very good. We hope to have a list of the winners in the near future.

The fire brigade made quick time to an alarm from Mr. Dwan's home on Monday afternoon. It turned out to be a chimney fire and was soon subdued.

George Bradford, when he walked into the side of a car driven by Duke Parsons, on Friday evening last, sustained serious injuries and is at present a patient in the hospital. In addition to a broken leg, he was severely bruised, and at last reports is progressing rapidly towards recovery.

There will be a showing of Ladies' Fur Garments at A. M. Campbell's Store on October 1, 2 and 3. All ladies of the district are invited to come in and see this display of the latest fashions.

Mr. and Mrs. Wm. Cranra returned from a lengthy visit to their old home in Scotland on Tuesday morning. They will in future reside in Lacombe.

B. S. CAMERON NEW COUNCILLOR

At the nomination meeting held on Wednesday to fill the vacancy caused by the resignation of E. C. Chapman from the council board, Mr. Cameron was declared elected by acclamation.

The last ton of the season of the Ladies' Golf and Veranda Bridge Club will be held on Friday, Sept. 25th. This being the final Tea, would like all members of both Golf and Bridge to be present. The Bridge prize will be presented to the one holding the highest score, and there will also be a competition for the ladies' golfing. The Hostesses for Tea will be Mrs. Hay, Mrs. Fitzpatrick, Mrs. Teare and Mrs. Ross.

SHOWING OF FUR COATS FOR LADIES

On Oct. 1, 2 and 3, Mr. A. M. Campbell will have on display a complete line of Ladies' Fur Garments, the best ever shown here. An expert furrier will also be at store on the above dates and will give estimates on any repair work on furs.

Mrs. Hainsworth pointed out that while members might not be able to give as much to money this year, they could give more concentrated time to prayer, study and service. Mrs. Hainsworth reviewed the inception and progress of mission work among the Indians in the Hudson Bay field, which was very enlightening. Mrs. R. B. Layton spoke on the work of the Presbytery, emphasizing the fact that auxiliaries are not small units working by themselves, but are part of a great body of workers. Mrs. Cook of Clive cordially welcomed the visitors and at the close of the meeting a pleasant social hour was spent over a dainty luncheon.

At the Avalon

Will Rogers turns back the untold years back to the sixth century and introduces the knights of King Arthur's Court to Baby Austin automobiles, machine guns and other knick knacks of the modern civilization. The world's funniest man in the title role of Mark Twain's satirical masterpiece, "A Connecticut Yankee", brings with him the greatest number of real hearty laughs that have ever been crowded into one single picture. From the moment he trumps the best trick of the king's magician by making a clear lighter light the first time, until he rescues the beautiful lady from the wicked queen it is one continuous roar.

Will Rogers is surrounded by the most capable cast that ever played with the comedian. It includes Myrna Loy, William Frawley, Maureen O'Sullivan, Frank Albertson and other, under the direction of David Butler. Coming: Norma Talmage in "Du Barry", Oct. 1, 2, 3.
Norma Shearer in "Strangers May Kiss", Oct. 8, 9, 10.

RELIEF NEEDED

A movement is on foot, sponsored by the Agricultural Society, to send a shipment of vegetables, etc., to the drought stricken farmers of southern Alberta. Central Alberta this year has a wonderful crop of potatoes and other vegetables, and it is thought that no difficulty will be found in getting together a car load of this produce. The government will pay the freight charges and attend to the distribution. If you are interested please talk it over with D. F. Chisholm, Secretary of the Society, and act promptly, as the need is urgent.

THE CHURCH OF ENGLAND IN CANADA

Dioecesis of Calgary
St. Cyprian's Church, Lacombe
Rector: The Rev. T. H. Chapman
Sept. 27, 17th Sunday, after Trinity
11:00 a.m. Sunday School.
1:30 p.m. Morning Prayer.
7:30 p.m. Evening Prayer.
Acting in compliance with a request which was made by the Rural Dean, the Rector will exchange with the Rev. Charles F. Reeve, B.A., Incumbent of St. Mary's Church, Lacombe, on the morning and afternoon, and will officiate and preach at Lacombe in the evening.

The Young Women's Guild of St. Cyprian's Church held their first meeting after the holidays at the Rectory on September 18th. Plans were discussed and made for the first three months. A Bridge Club has been formed and will meet monthly, the first meeting being held in the Empress Hotel Dining Room on Friday, September 25th.

The Bazaar and Sale of Work will be held on Saturday, December 5th. PLEASE KEEP THIS DATE IN MIND.

Gold Standard Suspended in Britain
Another Monday has brought from Britain news of a step of very great consequence to that country and the world. Four weeks ago today the formation of the coalition government was announced. The situation that it was hoped to correct by this union of political forces for the purpose of taking drastic financial measures is more serious than ever and it is necessary to go further. So demoralized have the markets become that the ministers have been compelled to suspend redemption in gold for the time being as the only means in their power to avoid depletion of the Bank of England's reserve and to protect the monetary position of the country.

Just what the effect will be of the government's move it would be foolish to attempt to forecast, particularly as the day may have brought large developments before this page reaches the reader. Several things, however, should be kept constantly in mind. No repudiation of national obligations is involved and, though the stock exchanges will be closed until the necessary legislation is passed, there is to be no interruption of banking business.

The premier considers that there is no doubt that the present exchange troubles will prove only temporary. It is not difficult to share his confidence after the way in which the country has come through other crises of this character and after the thoroughgoing legislation that parliament has just enacted with the object of putting the national finances on a sound footing. It is now more apparent than ever how imperative was the adoption of that legislation. It had not been passed, the withdrawal of funds from London would unquestionably have been on a much larger scale. The act of which a sub-section is now to be suspended so that the Bank of England may no longer be required to sell gold at a fixed price, was introduced by Mr. Churchill as chancellor of the exchequer in April

1925. It brought about the restoration of the gold standard which was abandoned in 1919. In the following year the pound was worth as low as \$3.30 in American money. A determined effort ensued to bring it back again and it was some months after it had reached par that Mr. Churchill brought in this bill, which was regarded as the crowning step in the country's financial recovery. But the policy has been criticized as putting too great a strain on British resources and recent developments have gone far to support this claim. It may be some time before it is possible to repeat the action taken in 1925. There can be little doubt, however, that this will be done just as soon as the nation's improved situation makes it all feasible.

Mr. Bennett states that his government has no intention of following the British example and there is no apparent reason why there should be any thought of doing so. But it is quite likely, as a New York dispatch intimates that some uneasiness will be created there in respect to all empire countries that will effect Canadian securities and currency temporarily. The probability is that the foreboding of the British government's move had much to do with the weakness of Canadian exchange in the American metropolis at the end of the week. But from all indications, the dominion need fear no adverse results of all a far-reaching character from what has happened in London.

PERFECT SEASON FOR GRAPES

Every factor in production of good crop in evidence this season
"Grape growers of Niagara Peninsula have a crop to be proud of and the better quality should find a ready market," reported W. G. Marritt, Wentworth agricultural representative at the completion of a trip through the district of inspection. The different varieties will soon be at their best, he stated, in referring to the progress of the crop.
"The growing season was the greatest factor in the production of this year's wonderful crop for the desired warm weather was experienced," added the official. "Grapes this year will be higher in sugar content, a very desirable feature."

"Moore's Early will be the first variety to be offered and this crop is now in a very advanced stage and gives promise of establishing a record for yield and quality. The warm sun is adding what might be termed the 'finishing touches.' Moore's Early is much like the Concord, different mainly in season, vigor and productivity and requires more careful attention. Campbell Early, which is also making satisfactory progress is seedling of Moore's Early pollinated by another production.
"Concord, the most popular and widely known grape, which was first

A SPECIAL OFFER

Does a First Prize of more than a good year's salary or a Second Prize of more than a fair year's salary appeal to you? That is what is being offered in a contest for the purpose of introducing the Kay Mail Order House, Limited and some of its merchandise to the public. The Company believes that large cash prizes will be more welcome at the present time than prizes in kind. More than 200 prizes are offered, none having a value of less than \$5.00. You do not have to sell anything, nor will you be required to solicit orders, although one Commission Agency per thousand of population is available in each locality to anyone who desires to avail himself or herself of the privilege. The Company is offering Regular Prizes, Early Answer Prizes (closing Sept. 30th). Rural Prizes and Special Prizes may be offered during the contest (closing Nov. 23). The Company will send you the particulars in response to a Postal Card or letter addressed to The Kay Mail Order House, Limited, Ottawa, Canada.

Introduced in 1854, will yield one of the finest quality crops in its history. The attractive blue color, with its thickly set clusters, regular and well-filled, has been popular wherever sent.

Worden, Niagara, and Rogers are other varieties which are extensively grown and which are showing up well. I interviewed several growers during my recent trip through the Peninsula and the opinion was expressed by all that the fruit belt would make history this season. After viewing the crop which is now maturing I can concur in the reports which the producers have made. I have never seen more promising vineyards."

C.P.R. AND C.N.R. MAY MERGE

Toronto—Discussing the problems of the Canadian Pacific and the Canadian National Railway companies in the Financial Post in a dispatch from Montreal today says:

"While Ottawa frankly discusses amalgamation of the C.N.R. and C.P.R., while the announcement of the proposed royal commission on railways hangs fire, the two systems are being brought closer together by joint action on the part of Sir Henry Thornton, chairman of the C.N.R., and E. W. Beatty, chairman of the C.P.R., to trim expenses, avoid non-capital commitments, eliminate duplications and otherwise solve common problems.

But the railway presidents are hampered by public indifference, sectional jealousy and political control—three troubles for which the remedy is believed to be a royal commission of inquiry.

"But despite the difficulties, progress is being made and announcement of vital importance to the railways and users of railway service will shortly be made in Ottawa.

TO SERVE YOU BETTER

Following our policy of better service, better work and reasonable prices, we are glad to announce that we have recently purchased some new equipment which will enable us to produce the highest standard of Cleaning and Pressing. In order that we might give our patrons the service we claimed, it was necessary to purchase two steam presses and this we did as soon as we were able, so that we now are equipped to give the speediest service. In addition, we have purchased new cleaning equipment to make your garments absolutely clean and fresh. We are proud to say that our plant is now second to none between the two big cities.

We have always tried to quote fair prices and feel that at the present time our prices are the lowest in Central Alberta. Here are a few of them.

Ladies' Dresses Dry Cleaned and Pressed \$1.00 up
Ladies' 2-piece Sport Suits \$1.00 to \$1.50

A. M. CAMPBELL'S

FIRST GRAIN SHIPMENT FROM CHURCHILL

Churchill, Man., Sept. 18—Hopes of Canada's prairie farmers rode out into Hudson Bay today with the grain-filled steamer, Farnworth, bound for England. Carrying a trial shipment of 277,000 bushels of Saskatchewan wheat, the Farnworth steamed through the rock-guarded harbor entry on the high waters of an hour before midday.

Most of the 1,000-odd workers at the west's Northern Manitoba outlet to the sea watched the black-hulled tramp as she cleared with the inaugural overseas grain cargo from the prairies. The whistles of engines shunting in the terminal yards joined with the sirens of tugs and dredges in a parting salute. The sun broke through gray clouds to accord the vessel a parting smile.

The Farnworth sailed just eight days after she had pulled into Churchill harbor from a 13 day Atlantic voyage out of Newcastle-on-Tyne, England. Weather beaten and smiling, Captain G. D. Penta of the Dominion department of railways and canals guided her through to the wide waters of the bay as he had piloted her to dock on her arrival.

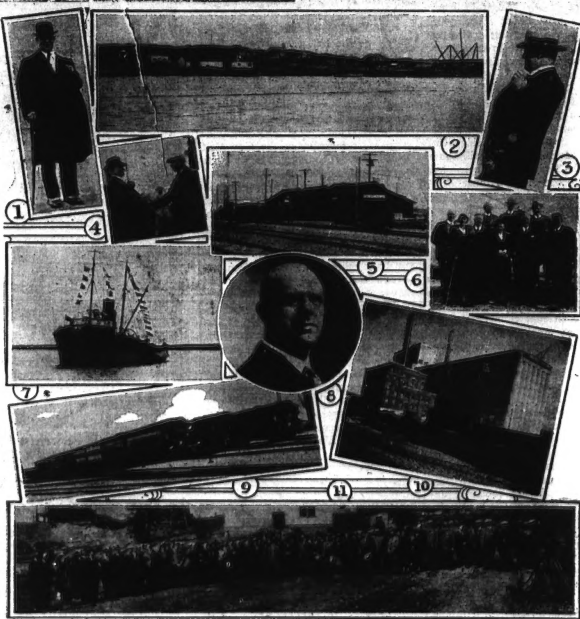

"With the fine weather which promises today," commented Captain W. Mount, of the Farnworth, "we should be in London in 14 days. We expect to reach the Straits in two days and do not anticipate any difficulty unless we many have to slow down if the weather is not clear, but the government radio stations' aid will always be available of course. "I think it is particularly appropriate that this initial cargo from the newest Canadian port is cleared for London, rather than some continental port."

As soon as the bagging of wheat on top of the bow and stern holds to prevent shifting had been completed, the government tug, Ocean Eagle, pulled up alongside the Farnworth. Commanded by Captain W. A. Poole, she pulled the bow of the Farnworth out from the dock and aided the big steamer in making its way down the channel to the entrance. Within an hour the London-bound vessel was fading out of sight across the bay.

Promptly, the steamer Warkworth, due to carry the remainder of the 500,000 bushel test shipment of wheat overseas, was pulled back along the dock beneath the loading spouts. Hatches were opened and preparations made for the start of loading as soon as the order is received from John I. McFarland, general manager of the Canadian Pools' central selling agency at Winnipeg. It is not expected that the Warkworth will sail before next week.

The Lacombe United Church Y.W.A., will hold their annual bazaar on Dec. 4th.

OPENING OF OUR NEW NORTHERN PORT

Some 300 leading figures in Canadian industrial and business life journeyed in three special Canadian National trains to Churchill early in September, under the auspices of the Canadian Chamber of Commerce. In earning the distinction of being the first organized party to visit Manitoba's seaport, they were witnesses to the inception of a venture which represents the hope and desire of the prairie provinces—the opening of a new trade route for the products of the West.

In the above are some of the prominent members of the party and other views presenting an appearance of stability at the northern port. 1. Dr. J. T. M. Anderson, Premier of Saskatchewan. 2. General view of Churchill. 3. Hon. D. G. McKeen, Minister of Mines, Manitoba Government. 4. Senator Pat Burns, Calgary, extends a greeting to C. H. Wright, of Halifax. 5. Station at Churchill. 6. Delegates from the Maritime Provinces. 7. The party goes boating on Hudson Bay. 8. A. E. Warren, Vice-President, Canadian National Railways, Winnipeg. 9. Three special Canadian National trains which carried the party north. 10. New 2,500,000-bushel elevator at Churchill. 11. Canadian Chamber of Commerce party.

NON-RESIDENTS AND HIGH SCHOOL FEES

The Calgary Public School Board has recently forwarded to the Department of Education a petition in which the government is asked to assume responsibility for the payment of fees for non-resident children in attendance in the high schools of the province. At the present time the fees charged such pupils in the Calgary high school are fifty dollars for each of Grades IX, X and XI and sixty dollars for Grade XII, which sums are less than one-third the actual per pupil high school cost. These fees are paid jointly by the

district from which the pupil comes and by the parents. It has always been the contention of the city boards that the responsibility for the payment of these fees should rest with the Department of Education, but the question has become acute this fall by reason of the greatly increased number of parents living in districts where there are no high school facilities who state that unless the fees are remitted their children cannot have the opportunity of attending high school. In the province of Manitoba and Saskatchewan a grant of fifty dollars per year for each pupil in attendance in any high school has been

paid for some years by the provincial governments and it should not be difficult to persuade the government of this province to make a similar grant, especially at a time like this when the payment of such fees would permit a number of young people to attend school who otherwise would be placed in the class of the unemployed. This is a matter in which both urban and rural school boards are of like opinion and it is to be hoped that by province-wide co-operation they may effect this needed change in the Grants Act.

These Cool Days Call for Warmer Clothes

There's frost in the air, and the days of summer weight underwear are numbered. We are ready to fit you out for the chilly days to come, and at prices very much lower than ever before.

UNDERWEAR

We have Hatchway and Stanfields fine underwear in four weights, ranging in price from **\$1.00 to \$3.35**. These are the best makes on the market.
